## Purpose

The Child Safe Standards (the Standards) commenced in Victoria in January 2016. After five years, we have seen how the Standards improve safety for children and young people.

Changes are being made to make our Standards even stronger.

The new Standards set out minimum requirements and outline the actions Broadford Secondary College must take to keep children and young people safe. They provide more clarity for schools and are more consistent with Standards in the rest of Australia.

## Objective

- to involve families and communities in Broadford Secondary College efforts to keep children and young people safe
- for a greater focus on safety for Aboriginal children and young people
- to manage the risk of child abuse in online environments
- in relation to governance, systems and processes to keep children and young people safe.

## Scope

This policy applies to:

- all staff, including casual relief staff and volunteers who work at the school

**Child Safe Standard 6 – People working with children and young people are suitable and supported to reflect child safety and wellbeing values in practice**

- In complying with Child Safe Standard 6, Broadford Secondary College must, at a minimum, ensure:
- 6.1 Recruitment, including advertising, referee checks and staff and volunteer pre-employment screening, emphasise child safety and wellbeing.
- 6.2 Relevant staff and volunteers have current working with children checks or equivalent background checks.
- 6.3 All staff and volunteers receive an appropriate induction and are aware of their responsibilities to children and young people, including record keeping, information sharing and reporting obligations.
- 6.4 Ongoing supervision and people management is focused on child safety and wellbeing.

## Overview

This standard focuses on ensuring that people who work with children and young people are suitable and supported to act in a child safe way. Schools should make child safety and wellbeing a key consideration when recruiting staff and volunteers.

As part of this standard, schools must:

- develop robust procedures to ensure only suitable people work with children
- supervise staff and volunteers to ensure they prioritise the safety of children
- support staff and volunteers to understand their responsibilities.

## Benefits of recruiting suitable staff and volunteers

Selecting suitable people to work with children is vital to protecting children from harm.

Good recruitment practices:

- create a safer workplace
- reduce the opportunity for harm to occur
- prevent, screen out or deter people who are unsuitable to work or volunteer with children
- recruit staff who uphold the school

Rigorous selection processes and appropriate training and supervision helps keep staff and students safe. This standard helps schools meet child safety and occupational health and safety legal requirements.
