PRINCIPAL'S REPORT

Congratulations to Emma Dwyer, staff member of the month. Emma has worked above and beyond her normal duties.

A warm welcome to new and returning school council members. Jill Patford and Susan Peake join the team for the first time, bringing a wealth of experience and knowledge. Once again, Liza Whitfield will represent the college as the School Council President.

A reminder that as of the start of Term 2, the green polo shirts, green spray jackets and green jumpers will no longer be part of the school uniform. The transition to the new uniform has been occurring for several years now and all students, with the help of the school's savings bonus should have fully transitioned to the current uniform. Please refer to the school's website for the uniform policy.

Last week we held our annual Athletics carnival, with many students dressing in house colours and competing for house points. Good luck to those who qualify to compete in the next round in Term 2. The winning house is yet to be determine.

It was great to see so many families at Parent/Teacher/Student conferences earlier this week. Feedback from staff was very positive and it is fabulous to hear that so many families are committed to work with the school to progress their child's education. Thank you to the families who also supported our café and fundraising efforts for year 12 student Sam McGhie. Sam will compete later this year in Canada and USA in shotput, long jump, triple jump and high jump. The College is hoping to support the family with the significant cost to send Sam overseas. If you wish to donate to this cause, please contact the General Office. All donations are gratefully accepted.

I hope all families have a safe and relaxing break. Students should utilise this time to catch up on any outstanding work, senior students please keep studying and revising work from Term 1.

Term 2 starts on Tuesday 22nd April. Friday 25th April is ANZAC day, a public holiday. A full school assembly will be held on Thursday 24th April at 1pm in the stadium, in recognition of ANZAC Day. Families are welcome to attend.

Year 7 students will be attending camp for the 3 school days of week 1, Term 2. I hope they have a fantastic time, and I look forward to visiting the camp on Wednesday 23rd April with the Senior School Captains.

On Monday, we had our final Year Level Assembly of the term, where we discussed some exciting upcoming events. We're kicking off next term with Camp Howqua on the first day, followed by round robin and engaging incursions that are sure to keep everyone excited and involved.

During the assembly, we also took the time to celebrate several students who received Attendance & Merit Awards – congratulations to all of them! We're looking forward to celebrating even more students next term.

This term, the Year 7 cohort has excelled, earning an impressive 840 Merits and over 1400 positive acknowledgements. These achievements are a fantastic reflection of the students showcasing our school values and meeting classroom expectations.

We wish everyone a safe and relaxing break, and we look forward to seeing you all for another busy and productive term in two weeks!

The Flipside

On 9th May, Brainstorm Productions will be presenting their student wellbeing performance 'The Flipside' for Years 7, 8 and 9. 'The Flipside' is a live theatre experience that addresses (cyber)bullying, online safety, digital citizenship, bystander behaviour and online ethics. The performance highlights the importance of personal responsibility, empathy, respect and values in the online and offline worlds. Real student experiences are woven together to create a compelling story that poses questions about how we treat ourselves and others.

'The Flipside' is part of our student wellbeing curriculum and has been developed by education and mental health professionals. The performance is supported by curriculum-aligned classroom activities to spark further discussion around these issues.

Brainstorm Productions is one of Australia's most experienced and respected theatre in education companies, performing to over 260,000 students every year. They offer a range of programs to help schools nurture healthy and harmonious environments, addressing issues such as mental health, online safety, bullying and resilience, and are endorsed by the eSafety Commissioner as a Trusted eSafety Provider. VET NEWS

VET News – Hospitality Students Impress at Marhles Restaurant

Our VET Hospitality students recently held their first dinner service at Marhles Restaurant on April 2nd, and it was a great success! The menu featured delicious dishes like tempura saltbush, smoked salmon gougères, and mains such as crumbed pork cutlet and stuffed lamb breast. Guests also enjoyed tasty desserts, including a homemade bounty bar and basil bombe Alaska.

The night was a great learning experience, with our first-year students working front of house, welcoming and serving guests, while the second-year students worked hard in the kitchen to prepare the meals.

The VET Hospitality course gives students hands-on experience in a real restaurant setting, helping them build skills in cooking, customer service, and teamwork. It's a great way to get a head start in the hospitality industry and learn skills that can be used in many different jobs.

Well done to all the students for a fantastic night!

SAMS ATHLETICS JOURNEY TO CANADA (AND USA)

Who am I

I am a year 12 student and school captain at BSC who is passionate about sports, a healthy lifestyle, and community pride. I am highly involved in the community as a worker, an athlete, a gymnastics coach, a student and a volunteer. I always enjoy helping others and making an impact in the world.

What is the opportunity?

This year, I have been given an incredible opportunity to represent the community by competing in **high jump, triple jump, shot put, and long jump** across **America and Canada** from **June 25th to July 13th**. Over the 19 days, I will not only push my athletic limits but also experience the amazing locations of **British Columbia, Vancouver, Iowa, Los Angeles, and Hollywood**.

How can you help?

This is truly a once-in-a-lifetime opportunity. However, there is a hefty \$10,000 cost associated with the full coverage of everything entailed within the trip. I am seeking support to help cover the costs of this journey.

Any donation, big or small, will bring me closer to making this dream a reality.

You can donate via my GoFundme page by scanning the QR code or going to <https://gofund.me/e061c655>

Thank you so much for your ongoing support and consideration

Broadford Secondary College 1:1 Device Program 2024

HP PROBOOK 445 G10

LENOVO 500W

At Broadford Secondary College, we recognise the increasing presence and importance of technology in students lives. Technology bridges the gap between school and home and provides students with fun and engaging learning opportunities. That is why we are steadfast in our commitment to being a 1:1 device school.

In 2024, we strongly encourage students to own a 1:1 device that will accompany other essential learning materials each lesson. As a school, we are no longer recommending i-Pads for student use at BSC. Below you will find two school recommended devices that can be purchased through the JB-HIFI Parent Portal which is linked to our school.

Frequently Asked Questions

Is it compulsory for students to have a 1:1 device?

While it is not compulsory for students to have a 1:1 device, it is strongly recommended. With a 1:1 device, students will be able to access the full range of learning opportunities available to them at BSC.

Will students be using their devices in every subject, every day?

Each lesson is composed of a variety of learning activities, some that involve devices whilst others do not. Therefore at times there may be lessons where devices aren't used by students, however it is recommended that students bring their device to every lesson.

Where will students store their devices when it is not in use?

It is strongly recommended that students purchase a protective case to store and secure their device. Devices should be stored in student lockers during break times.

Can a student add their own software to their device?

Specific software required for each subject area can be purchased and installed at the discretion of the family.

Will my child be able to print at school?

Yes. Students will be able to print from school.

Is my child expected to take their device home every day?

Yes, students are expected to take their device to and from school each day.

What IT support is provided by the school?

The school will provide support to connect your child's device to the school network and basic troubleshooting. Any physical repairs to the device will be the responsibility of the family.

What about i-Pads?

As a school, we are no longer recommending students purchase i-pads as their 1:1 device. i-Pads restrict the use of a number of software platforms accessed by students at BSC, most notably the G-Suite. In our experience, students have expressed their preference to have a keyboard, particularly as writing demands increase from Year 7 to 12. Finally, i-Pads provide opportunity for greater distractions from learning as the school has limited ability to monitor inappropriate use of apps such as Snap Chat and various online games.

Can I recharge my device at school?

No. It is expected that students will bring their device to school each day, fully charged.

Can my child access games on their device?

Any games or applications are not to be accessed, used or downloaded via the school network unless instructed by school staff.

What happens if my child leaves their device at home?

It is expected that student devices will be at school everyday. Students who do not bring their device will be significantly disadvantaged as their ability to access lesson activities and materials will be compromised.

Will the device be covered by school insurance while it is being used at BSC?

No. It is the responsibility of families to insure their device if they choose to.

Does my home need internet access?

No. Students will be provided with access to the school network while at school, where they can access the information and basic software they require. If you do have internet access at home, you are welcome to connect the device to your internet connection.
