

Schools Procurement

School Council Request for Quotation/Tender
(RFQ/RFT)

RFT for 2027 School Cleaning Services - Broadford Secondary College

Reference: RFT for 2027 School Cleaning Services - Broadford Secondary College

Submission Details:

Closing Time:	5pm 1 st September 2026
Place of Lodgement:	Broadford Secondary College
Receiving Staff Member:	Tanya Fraser
Additional Details:	Written (3 copies), or electronic submission

CONDITIONS

1. Presentations

Broadford Secondary College ("the School") does not warrant the accuracy of the content of the RFT. The School will not be liable for any omission from the RFT.

2. Confidentiality

The School may require persons and organisations wishing to access or obtain a copy of this RFT (or information relevant to this RFT) to execute a deed of confidentiality in a form required by, or satisfactory to, the School before or after access is granted.

Whether or not execution of a deed of confidentiality is required by the School, all persons obtaining or receiving this RFT and any other information in connection with the RFT must keep the contents of the RFT and such other information confidential and not disclose or use that information except as required for the purpose of developing a response to this RFT.

3. Tender/Quotation Documents

All responses to the RFT and any accompanying documents will, upon submission, become the property of the School. The School will not return any of these documents.

By submitting a response to this RFT, an Invitee licenses the School to reproduce the whole or any portion of the documents which it has submitted for the purposes of, or in connection with, its evaluation, notwithstanding any copyright or other intellectual property rights that may subsist in those documents.

4. Enquiries

Enquiries concerning the RFT must be made to the following Tender/Quote manager:

Name:	Tanya Fraser
Title:	Business Manager
E-mail:	businessmanager@broadfordsc.vic.edu.au

All enquiries concerning the RFT must be in writing and can only be made up to **three (3) days** prior to the Closing Time.

The School will respond to enquiries correctly lodged in accordance with the above conditions in writing and the response from the School will be provided to all potential Invitees to the RFT.

5. Late Tenders/Quotations

If a Tender/Quotation is lodged after the Closing Time, it may be disqualified from the RFT process and may be ineligible for consideration unless:

- The invitee can clearly document to the satisfaction of the School that an event of exceptional circumstances caused the Tender/Quotation to be lodged after the Closing Time; and
- The School is satisfied that accepting a late submission would not compromise the integrity of the market approach.

The determination of the School as to the actual time that the Invitee's response is lodged is final. All Tenders/Quotations lodged after the Closing Time will be recorded by the School. The School will inform an invitee whose Tender/Quotation was lodged after the Closing Time of their ineligibility for consideration.

6. Incomplete Tenders/Quotations

If a Tender/Quotation does not include all the information in the format required by the RFT or is incomplete in any way as determined by the School in its sole discretion, it may be rejected.

7. Validity of Tender/Quotation

A tender/quotation will be valid for acceptance by the School for a period of 90 business days from the Closing Time. This period may be extended by mutual agreement between the parties.

8. Unauthorised Communication and Improper Assistance

Invitees are required to direct all communications through the Contact Person, unless advised otherwise by the Contact Person or the School. Invitees are required to meet or exceed the government's supplier code of conduct - <http://www.procurement.vic.gov.au/Suppliers/Supplier-Code-of-Conduct>. Unauthorised communication and/or seeking to obtain assistance of employees, agents or contractors of the School in preparation of their proposal may, in the absolute discretion of the School, lead to disqualification of a RFT submission.

9. Reservation

The School reserves the right to, in its absolute discretion, refuse to consider or accept any Tender/Quotation or all Tenders/Quotations. The School will not necessarily accept the lowest priced tender nor any other tender. The School further reserves the right to:

- a) reject all Tenders/Quotations without giving reason for the rejection; and
- b) accept a portion or the whole of any Tender/Quotation at the price or prices quoted unless the Tender/Quotation states specifically to the contrary.
- c) negotiate with one or more Invitee's and allow any Invitee to vary its Tender/Quotation

10. Preferred Supplier

Selection as a preferred supplier does not give rise to a contract (express or implied) between the preferred supplier and the School for the supply of Goods and/or Services. No legal relationship will exist between the School and the preferred supplier until such time as a binding contract is executed by both parties.

RFT DETAILS

1. Background

Broadford Secondary College is undertaking a competitive tender for the provision of contract cleaning services commencing in 2027. The school supports approximately 850 students and 120 staff and requires a reliable, compliant and performance-focused cleaning provider to maintain a hygienic, safe and presentable learning and working environment. The procurement replaces the current cleaning arrangement at the end of its contract period and is intended to establish clear, auditable service standards, strong contractor accountability and value for money. The successful supplier will service the cleanable areas identified in the school's current Cleanable Area Report (CAR), School Plan, School Council Cleaning Checklist and site-specific Cleaning Schedule.

2. Scope

The school seeks a suitably experienced contractor to provide routine, periodic, term-break and annual cleaning services across Broadford secondary college. The proposed contract is for an initial term of three (3) years commencing January 2027, with up to two (2) further 12-month extension options at the school's discretion, subject to satisfactory performance, school council approval, department requirements and the final school council agreement. The maximum potential contract term is five (5) years. Cleaning frequencies specified by the school are minimum service frequencies; the contractor is responsible for achieving the required cleanliness, hygiene, safety and presentation outcomes.

3. Statement of Requirements

The successful Supplier must deliver the services in accordance with this RFT, the School's Cleaning Schedule, Cleanable Area Report, School Plan, School Council Cleaning Checklist, the executed School Council Agreement and applicable Department of Education requirements.

Requirements include:

- Routine cleaning of nominated classrooms, specialist teaching areas, administration and staff areas, library/resource areas, corridors, foyers, toilets, change/shower areas, sick bay/first aid areas and other cleanable spaces.
- Daily attention to hygiene-critical and high-use areas, including toilets, food preparation areas, sick bay, waste, entrances, classrooms and high-traffic areas.
- Periodic and term-break deep cleaning, including detailed cleaning of furniture, walls/marks, doors and frames, ledges, internal glass, blinds, elevated surfaces and floor treatments.
- Annual/periodic services including window cleaning and other tasks specified in the Cleaning Schedule.
- Internal waste/recycling collection and transfer to nominated school collection points.
- Replenishment of school-supplied consumables where applicable and prompt reporting of low stock, defects, damage, hazards, pest issues and maintenance concerns.
- Reasonable additional spot cleaning where required to maintain the contracted standard.
- Provision of adequate trained personnel, supervision, relief/contingency arrangements and quality-assurance systems.
- Safe management of chemicals and equipment, including a current chemical register and SDS, labelled containers, appropriate PPE, safe work procedures and current test-and-tag requirements.
- Staff induction, attendance/roster management, incident/hazard reporting, key/alarm/security management and prompt notification of personnel changes.
- Compliance with applicable Fair Work obligations and lawful employment costs.
- All personnel attending the school must meet school and Department suitability requirements. Working with Children clearances must be held where required. The Supplier must attest to compliance with the Victorian Child Safe Standards, including having a Child Safety and Wellbeing Policy, Child Safety Code of Conduct and appropriate child-safe screening processes.
- Where the Supplier is providing labour hire services and a licence is required, the Supplier must hold a current Labour Hire Authority Victoria licence.
- A mandatory pre-tender site inspection will apply so bidders can inspect the campus, floor types, amenities, access/security arrangements and periodic cleaning requirements before pricing.

4. Important Dates

Indicative timetable:

- RFT release: 19th August 2026
- Mandatory site inspection: TBC, approximately 3-5 business days after RFT release
- Final date for written enquiries: three (3) days prior to Closing Time
- RFT closing: 1st September 2026 5pm, with the RFT to remain open a minimum of 10 business days
- Evaluation / clarification period: 2nd September – 4th September
- School Council approval / contract finalisation: 7-11th September
- Service commencement: January 2027, ready for the commencement of the 2027 school year
- Initial contract expiry: 31 December 2029, subject to final commencement date
- Optional extensions: up to 2 x 12 months, to a maximum potential expiry of 31 December 2031.

5. Relationship Management

Contract Manager: Business Manager, Broadford Secondary College.

2-12 Pinniger Street, Broadford. businessmanager@broadfordsc.vic.edu.au 03 5784 1200

6. Reporting requirements

The Supplier must maintain and provide evidence of service delivery and compliance as reasonably requested by the School. Reporting requirements include:

- daily/shift attendance and staffing records;
- a contractor quality-assurance checklist and regular self-audits;
- prompt notification of missed services, staffing shortages or service disruptions;
- incident, hazard, damage and security reporting as soon as practicable;
- current compliance records for personnel, insurance, WorkCover, WWCC (where required), chemicals/SDS, equipment and other required licences/registrations;
- monthly or other agreed performance review information against KPIs; and
- documented rectification of defects identified by the School.

Any matter that may materially affect delivery of the services must be communicated to the School Contract Manager within twenty-four (24) hours of becoming known to the Supplier.

Any matters which arise that may be deemed to materially affect the development of the project should be communicated to the School Project Manager within twenty-four (24) hours of the matter being known to the Contractor.

Any matters which arise that may be deemed to materially affect the development of the project should be communicated to the School Project Manager within twenty-four (24) hours of the matter being known to the Contractor.

7. Key Performance Indicators (KPIs)

KPI	Performance Target
Quality / specification compliance	At least 95% compliance with the Cleaning Schedule and required cleanliness standard at routine inspections; hygiene-critical defects are to be treated as urgent.
Service delivery / attendance	100% of scheduled cleaning shifts/services are provided. Any unavoidable service disruption is notified immediately and an agreed contingency/relief arrangement implemented.

8. Insurance

Pursuant to the attached terms and conditions, insurance provisions shall include:

Insurance	Minimum Amount
Public Liability	\$AUD min 10 million in respect of any one occurrence and for an unlimited number of claims.
Product Liability	As above, where applicable to the Supplier's activities.
Professional Indemnity	Not applicable unless specifically required by the final contract.
Workers compensation / WorkCover	Current statutory workers compensation / WorkCover insurance as required by law (or approved alternative where legally applicable).

9. Pricing

Provide details of your pricing for the specifications, using the format set out in the tables below.

Services		Units/hrs	Rate (excl. GST)	GST	Total
See school council cleaning schedule – recommend frequency where required, negotiation with supplier.					
Routine Cleaning (Term Time)					
Term break/Periodic Cleaning					
Annual Services					
Add any additional services					

[illegible]

10. Submission

The submission process and timelines are set out in the 'Submission Details' section on the first page of this document.

11. Selection Criteria

1. Service methodology and ability to meet the specification - 30%
demonstrated understanding of the school's cleaning schedule and proposed methodology, staffing, supervision, quality assurance, relief/contingency arrangements and ability to consistently achieve the required performance standard.

2. Relevant experience, capability and past performance - 20%
demonstrated experience delivering cleaning services in schools or comparable high-use facilities, including references and evidence of reliable contract performance.

3. Compliance, safety and child safety - 20%
ohs systems, chemical/sds management, staff screening and induction, wwcc/child safe standards compliance, insurance, workcover and any applicable labour hire authority licensing.

4. Value for money and pricing - 25%
whole-of-contract value, transparent and sustainable pricing, capacity to meet lawful employment costs, and demonstrated value for money. Lowest price will not necessarily represent best value.

5. Sustainability, local benefit and value-add - 5%
practical initiatives that improve environmental performance, waste reduction, service innovation, local employment or other measurable value to the school.

Mandatory / pass-fail requirements: attendance at the mandatory site inspection; complete written tender; required insurances and statutory compliance; child safe standards attestation; and acceptance of, or clearly stated departures from, the proposed contract terms.

Note: these weightings should be mirrored exactly in the school's evaluation plan before the rft is released.

12. Contract Documentation

The RFT package is to include the applicable Department of Education School Council Agreement for the Provision of Cleaning Services and the School's supporting tender documents, including School Plan, School Council Cleaning Checklist and any relevant site information/plans.

Instruction to the bidders on how to submit your proposal

THE TENDER SHOULD INCLUDE:

- a) An overview of how you will meet the specification requirements
- b) Details of your knowledge and previous experience relevant to the required procurement
- c) Detail of your business's resources and systems to support the delivery of the required procurement. Include names and qualifications of staff; be specific about their role in the delivery of the procurement
- d) Details of any value adding factors, such as innovation, local job and sustainability initiative (if applicable)
- e) Responses to the selection criteria
- f) Pricing schedule using the table provided in the rft details, including annual routine cleaning, term-break/periodic cleaning, annual services and any additional/call-out rates. Pricing must be fully transparent and sustainable for the contract term.
- g) Include a statement that indicates that you fully accept the proposed terms and condition. If not, include a list of proposed departure(s) from contract terms and conditions for the school's consideration.
- h) Declaration of any conflict of interest (potential or real) and how this may be managed
- i) Detail your financial capability to deliver the goods or services
- j) Details and certificates of currency for required insurances, including public liability and workcover/workers compensation (and any other insurance required by this rft).
- k) Any other relevant information
- l) Evidence of required working with children clearances for personnel and completion of the child safe standards attestation.

CHILD SAFE STANDARDS ATTESTATION

I, _____, attest that the organization complies with the Victorian Child Safe Standards, including:

- having a Child Safety and Wellbeing Policy
- having a Child Safety Code of Conduct
- Conducting child safe screening of all staff working with children, including requiring a Working with Children clearance.

	Other		☐	Please specify

Campus Cleanable Area Report

Contents

Description

This workbook titled the 'Cleanable Area Report' is based on data extracted from the VSBA Asset Information Management System (AIMS) which holds details of all school buildings and rooms shown in the latest school layout plans (SAMS Plans). The workbook lists detailed building and room information for each campus and provides a summary of total cleanable area, total entitled cleanable area and the split into how much cleanable area is funded at the 'Normal Rate' and at the 'Low Rate'.

Tabs

Info	Background information to data contained in this 'Cleanable Area Report' spreadsheet.
Summary	Summary of cleanable area figure for a campus , including calculation of normal rate and low rate area.
Buildings (Pivot)	A pivot table of detailed room data contained in the 'Room Details' tab provide summaries of entitled cleanable area by building.
Room Details	Detailed building and room data with a flag to indicate if the room is eligible for cleaning according to the cleanable location schedule.
Change since the last cycle	If you disagree with the information please visit this link or alternatively contact your regional PPN. Once we receive endorsement we will action with 48 hrs. https://www2.education.vic.gov.au/pal/cleaning/policy

Latest school layout plans (SAMS Plans) and cleanable area reports can be downloaded from the School Facilities Profile (SFPW) website
[School Facilities Profile Website](#)

Frequently Asked Questions

Q. When was this report run and how often are the reports updated?

A. The date the building and room data was extracted is shown on the top few lines of the Summary sheet (cell B5). This report will be updated periodically to reflect the latest data held in the VSBA Asset Information Management System.

Q. What do I do if I notice there are buildings or rooms not shown in the SAMS Plans or listed in the cleanable area report ?

A. If changes to your school layout plans (SAMS Plans) are required or you notice there are buildings or rooms missing from the detailed location/room list, download your latest SAMS Plan from the SFPW website, manually mark the areas that have changed or are missing, scan and forward in an email to the VSBA CAD Team at **SAMS@edumail.vic.gov.au** where your request will be prioritised.

Q. I have already notified the VSBA CAD team about building and room changes at my school so why do they still do not appear in the reports and school layout plans?

A. While VSBA endeavours to turn around changes as quickly as possible, it may take a few weeks for changes to appear in the school layout plans due to the time required to obtain architectural plans and other documentation which confirm the exact changes and building and room measurements.

Q. How are the areas eligible for funding at the 'Normal Rate' and at the 'Low Rate' calculated?

A. School enrolments are used to calculate the total entitled cleanable area for each school/campus according to particular enrolment bandings. Total cleanable area up to or equal to that entitlement area figure is funded at the 'Normal Rate'. Any total cleanable area over and above the entitled cleanable area is funded at the 'Low Rate'

Q. I still have a concern about my school's cleaning contract, areas that are defined as cleanable or how 'Normal Rate' and 'Low Rate' areas are calculated, who can I contact?

A. Please contact the VSBA Cleaning Unit at **cleaning@edumail.vic.gov.au** or phone 1300 842 754

Victorian School Building Authority (Department of Education and Training) 2018

Cleanable Area Report

Broadford Secondary College

Campus Cleanable Area:

Data as at 31st July 2026

Campus Ref:	01765501
School:	Broadford Secondary College
Campus:	Broadford Secondary College
Campus Type:	Gov Schools - Secondary
School No:	7655
Campus No:	01
Total Floor Area:	7,842
Total Cleanable Location Area:	6,077
Total Cleanable Exception Area:	0
Total Cleanable Area:	6,077

Normal Rate/Low Rate Area:

Campus Type	Gov Schools - Secondary
Primary Enrolment (2026 Confirmed)	0.0
Secondary Enrolment (2026 Confirmed)	844.8
Entitled Cleanable Area Primary	0
Entitled Cleanable Area Secondary	5473
Total Entitled Cleanable Area	5,473
Total General Exception Area	0
Total 'Normal Rate' Area	5,473
Total 'Low Rate' Area	604
